Important Visa Information for the United Kingdom

Visitors from the United States and European Union countries are not required to have a visa to enter the UK. However, US and EU travellers to the UK should be prepared to show proof of return to their home country within 90 days of entrance to the UK. This proof could be as simple as the return ticket or travel itinerary from the airline.

Countries not requiring a Visa to the UK:

Through the Visa Waiver Program (VWP), the US and the following waiver countries are allowed entry without a travel visa for the duration of 90 days or less. VWP eligible travelers may apply for a visa, if they prefer to do so. Eligible VWP countries are listed below.

Andorra	Iceland	Norway
Australia	Ireland	Portugal
Austria	Italy	San Marino
Belgium	Japan	Singapore
Brunei	Liechtenstein	Slovenia
Denmark	Luxembourg	Spain
Finland	Monaco	Sweden
France	The Netherlands	Switzerland
Germany	New Zealand	United Kingdom

US Travellers:

As mentioned above, UK visa/entry clearance is not required for tourist or business visits to the United Kingdom of less than three months in duration for VWP countries. The United Kingdom has very specific definitions of tourism and business and interns, students, prospective students, fiancés/partners, those coming to the United Kingdom to work unpaid or paid, those coming to the United Kingdom to marry, and all dependents in the preceding categories may require a visa/entry clearance prior to travel, irrespective of duration of stay. Attending the Sister Cities International conference would fall under the tourist category so a visa for US citizens is not needed.

For more information please visit the British Embassy's website at <http://ukinusa.fco.gov.uk/en>. Those seeking current UK visa/entry clearance information may also contact UK consular offices in the United States via their premium rate telephone service at 1-900-656-5000 (cost \$3/minute) or 1-212-796-5773 (\$12 flat fee).
