

10TH WORLD CONGRESS OF  
VETERINARY ANAESTHESIA  
31ST AUGUST TO 4TH SEPTEMBER 2009. GLASGOW, UK

## Poster Programme

---

Poster 1	Reversal of rocuronium-induced neuromuscular blockade with sugammadex in dogs <i>E. West, U. Auer and M. Mosing</i>
Poster 2	The effects of two levels of inspired oxygen fraction on cardiopulmonary function in propofol-anesthetized dogs with high intracranial pressure <i>N. Nunes, P.C.F. Lopes, R.M. Almeida, E.A. Belmonte, G.B. Pereira Neto, L.G.G.G. Dias and A.L.G. Souza</i>
Poster 3	Umbilical cord blood lactate in the assessment of fetal stress during delivery in dogs <i>M.C.R. Vivan, J.P. Vides, T.F.B. Souza, V.B. Albuquerque and V.N.L.S. Oliva</i>
Poster 4	The influence of general anaesthesia and haemorrhagic shock on intestinal permeability in dogs <i>B. Lukanc, J. Butinar, A. Nemeč Svete, K. Tomsič and A. Seliškar</i>
Poster 5	Comparison of two techniques for performing brachial plexus blockade in anesthetized dogs using low and high volumes of methylene blue 0.1% <i>C.H. Riccò, M.B. Killos and L. Graham</i>
Poster 6	Refinement of a thermal threshold probe to prevent burns <i>M.J. Dixon and P.M. Taylor</i>
Poster 7	Thermal and mechanical nociceptive thresholds in cats after administration of buprenorphine 10 mcg/kg, naloxone 0.67 mcg/kg or their 15:1 combination <i>L.S. Slingsby and P.M. Taylor</i>
Poster 8	Effects of epidural administration of neostigmine and clonidine on the minimum alveolar concentration of isoflurane in dogs <i>R.K. Alvaides, F.J. Teixeira Neto, N.A. Garofalo, F.A. de Oliveira, D. Campagnol and L. Matsubara</i>
Poster 9	Evaluation of the extension and cardiorespiratory effects of thoracic epidural anesthesia in dogs <i>G.C.V. Oliveira, M.C.R. Vivan, B.P. Dias, B.P. Floreano, T. Menegheti and V.N.L.S. Oliva</i>
Poster 10	Changes in the attitude of small animal practitioners to animal pain and pain management in Japan: The comparison of the questionnaire survey in 2008 with that in 2004 <i>A. Imai, K. Yamashita, R. Nishimura, I. Sakonjo, K. Naganobu, M. Okumura, K. Edamura, M. Asakawa, K. Takashima and Y. Yamane</i>
Poster 11	Current attitudes regarding the use of perioperative analgesics in small animals by Brazilian veterinarians <i>S.E.R.S. Lorena, S.P.L. Luna, D.X.B. Lascelles and J.E. Corrente</i>
Poster 12	The use of opioids and nonsteroidal antiinflammatory in cats in Brazil <i>S.E.R.S. Lorena, S.P.L. Luna, D.X.B. Lascelles and J.E. Corrente</i>
Poster 13	Plasma glucose and lactate concentrations after intravenous administration of dexmedetomidine, L-659'066 or their combination in dogs <i>F. Restitutti, J. Honkavaara, M. Raekallio, E. Kuusela and O. Vainio</i>
Poster 14	Respiratory mechanics in dogs anesthetized with propofol or thiopental and induced to pulmonary hypertension by serotonin <i>P.C.F. Lopes, N. Nunes, C.T.D. Nishimori, R. Carareto, D.P. Paula, P.S.P. Santos, J.V. Moro and E.D.V. Conceição</i>
Poster 15	Blood-gas variables in dogs anesthetized with propofol or thiopental and induced to pulmonary hypertension by serotonin <i>P.C.F. Lopes, N. Nunes, C.T.D. Nishimori, R. Carareto, D.P. Paula, P.S.P. Santos, R. Thiesen and E.D.V. Conceição</i>
Poster 16	Bispectral index in dogs anesthetized with propofol and maintained in controlled ventilation or in spontaneous breathing with several inspired oxygen fractions <i>N. Nunes, P.C.F. Lopes, P.A. Borges, P.A.C. Santos, V.F. Barbosa, R. Thiesen, J.V. Moro and E.A. Belmonte</i>

Poster 17	Comparison of the cardiovascular effects of methadone 1% and ropivacaine 0.75% after epidural injection in isoflurane anaesthetized dogs <i>T. Bosmans, S. Schauvliege, F. Gasthuys, L. Duchateau, C. Gadeyne and I. Polis</i>
Poster 18	Onset and duration of effect of a single dose of rocuronium bromide during propofol anaesthesia for diagnostic EEG recordings in Beagle dogs <i>S.B.R. Kästner, J. Tünsmeier, C. Brauer and A. Tipold</i>
Poster 19	Hemodynamic effects of continuous rate infusion of propofol and butorphanol in mechanically ventilated dogs <i>V.F. Barbosa, P.S.P. Santos, N. Nunes, J.V. Moro, R. Thiesen, P.A. Borges, P.A.C. Santos, E.A. Belmonte and P.C.F. Lopes</i>
Poster 20	Minimum alveolar concentration (MAC) of sevoflurane in puppies <i>D.T. Gabas, V.N.L.S. Oliva, L.M. Matsubara and G.C.V. Oliveira</i>
Poster 21	Effect of lidocaine on the minimum alveolar concentration of sevoflurane in dogs <i>L.M. Matsubara, V.N.L.S. Oliva, D.T. Gabas and G.C.V. Oliveira</i>
Poster 22	TIVA with propofol and fentanyl: Clinical evaluation for castration and ovariohysterectomy in dogs <i>H. Harding Poulsen, T. Eriksen and F. Moltke</i>
Poster 23	Hemodynamic effects of remifentanyl-isoflurane anesthesia in dogs <i>E.R. Monteiro, F.J. Teixeira Neto, D. Campagnol, N.A. Garofalo and R.K. Alvaides</i>
Poster 24	Cardiopulmonary changes and circulating catecholamine and vasopressin concentrations in response to a high dose of methadone in conscious dogs <i>N.A. Garofalo, F.J. Teixeira Neto, C.D.N. Pereira, W. Pignaton, F. Vicente and R.K. Alvaides</i>
Poster 25	A comparison of blood pressure values from the auricular and dorsal pedal arteries in anaesthetized dogs <i>J.L. Retortillo, L. Berh, C. Carlos Sampedrano and N. Borenstein</i>
Poster 26	Comparison of fentanyl constant rate infusion (CRI) with dexmedetomidine CRI in cats under general anaesthesia – cardiorespiratory and anaesthetic-sparing effects <i>G. Krahner and S.B.R. Kaestner</i>
Poster 27	Isoflurane vaporizer performance is not simply a function of accurate temperature and flow control <i>C.I. Dunlop, R.A. Curtis and J.S. Dunlop</i>
Poster 28	Evaluation of the dynamic response characteristics of the blood pressure monitoring system in anaesthetized dogs: potential effect on the accuracy of arterial pulse power analysis <i>F. Valerio, M. Giunti, F. Verni, E. De Angelis, D. Casoni and G. Aste</i>
Poster 29	Comparison of a high definition oscillometric blood pressure technique (Memo Diagnostic HDO) with direct arterial pressure measurement in anaesthetized dogs – preliminary data <i>P. Zrimšek, J. Sredenšek, A. Domanjko Petrič and A. Seliškar</i>
Poster 30	Canine anaesthetic mortality in Spain <i>J.I. Redondo and L. Gil</i>
Poster 31	Feline anaesthetic mortality in Spain <i>J.I. Redondo and L. Gil</i>
Poster 32	Development and preliminary validation of a multidimensional composite pain scale for cats <i>J.T. Brondani, S.P. Luna and C.R. Padovani</i>
Poster 33	Hypothermia in anesthetized dogs <i>J.I. Redondo, P. Suesta, G. Soler, C. Soler, I. Serra and L. Gil</i>

Poster 34	Evaluation of acepromazine as a sedative in buffalo calves <i>V. Nain, A. Kumar, J. Singh, P.K. Peshin and S. Singh</i>
Poster 35	Evaluation of midazolam as a sedative in buffalo calves <i>V. Nain, A. Kumar, J. Singh, P.K. Peshin and S. Singh</i>
Poster 36	Comparison of xylazine and detomidine in the zolazepam-tiletamine-butorphanol anaesthesia in Spanish fighting bull ( <i>Bos taurus</i> ) <i>M.M. Granados, I. Ruiz, A. Fernández, J. Méndez, J. Morgaz, R. Navarrete, R. Carrera, J.M. Domínguez, J.M. Santisteban and R.J. Gómez-Villamandos</i>
Poster 37	Evaluation of butorphanol in tiletamine-zolazepam-detomidine anaesthesia in Spanish fighting bull ( <i>Bos taurus</i> ): Bispectral index and clinical effects <i>R.J. Gómez-Villamandos, M.M. Granados, A. Fernández, J. Méndez, J. Morgaz, R. Navarrete, R. Carrera, J.M. Domínguez, J.M. Santisteban and I Ruiz</i>
Poster 38	Comparison of pulmonary artery and transpulmonary thermodilution cardiac output measurement in unsedated newborn calves <i>A.P.N. Kutter, R.S. Jud, B. Bircher, U. Bleul and R. Bettschart-Wolfensberger</i>
Poster 39	Alveolar recruitment during high frequency jet ventilation: A comparison of conventional breath size and frequency in preterm lambs <i>G.C. Musk, G.R. Polglase, J.B. Bunnell, K. Simmer, C.J. McLean and J.J. Pillow</i>
Poster 40	Premedication with tramadol improved the efficacy of ketamine/xylazine anaesthesia in young pigs <i>R.A. Ajadi, O.F. Smith, A.O. Ajibola, O.E. Adeleye, A.O. Adenubi, T.A.O. Olusa and A.F.M. Makinde</i>
Poster 41	Effects of carprofen or meloxicam on selected hemostatic variables in clinically healthy miniature pigs <i>P. Rauser, R. Srnec, L. Urbanova, L. Lexmaulova and A. Necas</i>
Poster 42	Effect of administration of carprofen or meloxicam for seven days on renal function in clinically healthy miniature pigs <i>P. Rauser, L. Stehlik, P. Proks, R. Srnec and A. Necas</i>
Poster 43	AB167 Effects on electrocardiogram interval R-R index (Anemon Index) in pigs undergoing aortic grafting surgery during anaesthesia with sevoflurane and continuous rate infusion of ketamine/buprenorphine/ketorolac/diazepam <i>J.R. Lima, M.F. Martín Cancho, M.S. Carrasco-Jiménez, L. Luis, M. García, J. Usón-Gargallo and F.M. Sánchez-Margallo</i>
Poster 44	The effect of two different induction protocols on physiological variables and quality of anaesthesia during anaesthesia maintained with fentanyl-midazolam-ketamine in growing pigs <i>S. Fisichella, G. Hedenstierna and G. Nyman</i>
Poster 45	The use of a mechanical threshold test to evaluate analgesic effects of two non-steroidal anti-inflammatory drugs in piglets <i>T.K. Fosse, C. Spadavecchia, H.A. Haga, T.E. Horsberg and B. Ranheim</i>
Poster 46	Pain assessment using various local anaesthetics in Black Bengal goats undergoing rumenotomy <i>M.K. Shah, M. Hashim and A. Hossain</i>
Poster 47	Suprascapular nerve block for bilateral shoulder surgery in goats <i>S.K. Nees, L.P. Bouré, D. Arens, J.F. Zarubi, H. Rohrbach and C. Spadavecchia</i>
Poster 48	Effects of S-ketamine in comparison to ketamine racemate for anaesthesia of antelopes <i>O. Martín-Jurado, R. Bektas, R. Bettschart-Wolfensberger and S. Hammer</i>
Poster 49	Comparison of medetomidine-ketamine and dexmedetomidine-ketamine anaesthesia in llamas <i>C. Gadeyne, S. Schauvliege, S. Ven, M. Gozalo-Marcilla and F. Gasthuys</i>

Poster 50	Cardiorespiratory changes after administration of 6% or 10% hydroxyethylstarch 200/0.5, 6% hydroxyethylstarch 130/0.4 and saline in rabbits undergoing general anaesthesia <i>L. Lexmaulova, P. Rauser, R. Srnec, M. Dvorak, A. Necas and J. Janovec</i>
Poster 51	Effect of noxious stimulation on the electroencephalogram of anaesthetised chickens <i>A.E. McIlhone, N.J. Beausoleil, D.J. Mellor, S.L. Mitchinson and C.B. Johnson</i>
Poster 52	Anesthetic effects and pharmacokinetics of a bolus dose of propofol in Japanese macaques ( <i>Macaca fuscata fuscata</i> ) <i>T. Miyabe-Nishiwaki, K.K. Masui, A. Kaneko, K. Nishiwaki, E. Shimbo and H. Kanazawa</i>
Poster 53	Opioid interactions with paracetamol and parecoxib in the reduction of the Minimum Alveolar Concentration of sevoflurane in the rat <i>J. Benito, D. Aguado, M. Abreu and I.A. Gómez de Segura</i>
Poster 54	Sedation and analgesic effects of dexmedetomidine in Wistar rats <i>V. Bisbal, C. Soler, J.I. Redondo, E. Herrero, Cl. Serra and V. Torrent</i>
Poster 55	Infusion of dexmedetomidine prevents secondary and distal allodynia in a rodent skin flap model <i>A. Shih, C. Bandt, C. McKune, N. Bacon, K. Kirkby, J. Johnson, F. Garcia and S. Roberston</i>
Poster 56	Long-term surgical anaesthesia in Rhesus macaques ( <i>Macacca mulatta</i> ) with sevoflurane and alfentanil <i>S. Corbach-Söhle, M.C. Leach and P.A. Flecknell</i>
Poster 57	Medetomidine and atipamezole studies for immobilization in estuarine ( <i>C. porosus</i> ) and Australian freshwater ( <i>C. johnstoni</i> ) crocodiles <i>A.R. Olsson and D. Phalen</i>
Poster 58	Medetomidine in combination with tiletamine-zolazepam for induction of anaesthesia in a Nile river hippopotamus <i>E.A. Leece and J.C.M. Lewis</i>
Poster 59	Aberration in the baseline of volumetric capnography <i>J.P. Schramel and M. Mosing</i>
Poster 60	Plasma pharmacokinetics and pharmacodynamics of alfaxalone in foals after intravenous administration of the anaesthetic agent alfaxalone at 3 mg kg <sup>-1</sup> <i>W. Goodwin, K. Pasloske, H. Keates, M. Pearson and B. Sauer</i>
Poster 61	Field castration of colts using alfaxalone and medetomidine total intravenous anaesthesia (TIVA) <i>W. Goodwin, H. Keates, M. Pearson and K. Pasloske</i>
Poster 62	Pharmacokinetics of a constant rate infusion of S-ketamine administered to horses anesthetized with isoflurane <i>M.P. Larenza, M.F. Landoni, A. Conrot, R. Bettschart-Wolfensberger and W. Thormann</i>
Poster 63	Reversal of vecuronium neuromuscular blockade with sugammadex in ponies <i>D. Bardell, U. Auer and M. Mosing</i>
Poster 64	Inhibitory effect of sevoflurane on active myeloperoxidase release by equine neutrophils <i>G. Minguet, G. de la Rebière de Pouyade, T. Franck, J. Joris and D. Serteyn</i>
Poster 65	Low arterial partial pressure of oxygen during anaesthesia increases the risk of surgical wound infection after exploratory laparotomies in horses with gastrointestinal disease <i>C. Costa-Farré, P. Taurà, J.I. Cruz, O. Valero and M. Prades</i>

Poster 66	A comparison of cardiopulmonary parameters during maintenance of anaesthesia with isoflurane, sevoflurane or desflurane in horses <i>G.M. De Benedictis, A. Mathis, C. Palacios, L. Bellini, E. Psatha, R. Pinelas, H.I.K. Alibhai, D. Brodbelt and K.W. Clarke</i>
Poster 67	Hemodynamic and sedative effects of constant rate infusions of detomidine associated with butorphanol, and detomidine alone in conscious horses <i>A.J.A. Aguiar, L.Q. Medeiros, M.R. Dessen, F.A. Oliveira, F.J. Teixeira Neto, E.L.M. Pimenta and S.H.V. Perri</i>
Poster 68	Romifidine levels in plasma and red blood cells after intravenous administration in horses: preliminary study <i>N. Romagnoli, A. Guazzieri, G. Ricciardi, A. Spadari, A. Zaghini and P. Roncada</i>
Poster 69	Cardiovascular effects of hyoscine-N-butyl-bromide in horses sedated with medetomidine <i>J.H. Perotta, P.A. Canola, A. Escobar, M.S. Lopes, P.M. Évora and C.A.A. Valadão</i>
Poster 70	Evaluation of bispectral index as an indicator of depression in central nervous system of horses anesthetized with propofol <i>K. Yamashita, N. Akashi, Y. Katayama, Y. Uchida, M.A. Umar, T. Itami, H. Inque and W.W. Muir III</i>
Poster 71	Cardiac output measurement by pulse contour analysis, lithium dilution and Doppler echocardiography in horses <i>C. Sandersen, H. Amory, L. Borde, AC. Merveille, D. Serteyn and E. Guidi</i>
Poster 72	Comparison of high definition oscillometry (memo diagnostic equine) and intraarterial blood pressure measurement in horses under general anaesthesia <i>J. Tünsmeier, K. Hopster, K. Feige, A.K. Rötting and S.B.R. Kästner</i>
Poster 73	Development of new techniques for the placement of a catheter into the cervical subarachnoid space of horses: a cadaver study <i>M.P. Larenza, S. Bauquier, O. Seco and B. Driessen</i>
Poster 74	Late post-operative hypoxaemia in horses: a pilot study <i>C.Costa-Farré, J. Viu, JI. Cruz and M.Prades</i>
Poster 75	Influence of an 'Open-Lung-Concept' ventilation on lung morphology in comparison to spontaneous respiration <i>K. Hopster, B. Jacobsen, K. Feige, A.K. Rötting and S.B.R. Kästner</i>
